

# WELCOME TO SSRx

## 3 STEPS TO A SIMPLER WAY TO PRESCRIBE

### 1. SEND PRESCRIPTION:

Being an innovative pharmacy is the key at SSRx. We make sure that your office can send the prescription to us in the easiest way possible. Here are the three simple ways you can send your patient's prescription:

- 1. Fax** SSRx Patient information Form to (855)-822-7838
- 2. E-prescribe** order to SSRx:  
7700 Main St. Houston, TX 77030  
NCPDP # 4554487 | NPI 1538496443
- 3. Call** our pharmacy at (855) 822-7828 and submit over the phone with our intake Team.

### 2. INFORM PATIENT:

Let your patient know that a Patient Care Coordinator will be contacting them shortly. Once we receive the prescription we will touch base with the patient and make sure they understand the process. It is our goal to alleviate any question patients might have at the point of initial contact.

### 3. STAY INFORMED:

Communication with our patients and providers is of high importance. We make sure that we communicate with your office at each step. We know the importance to the communication that is needed with the patients we care for.

## WHAT TO EXPECT WITH SOUTHSIDE

- One single point of contact
- Coordination of insurance benefits
- Assistance with prior authorization management
- Co-pay assistance and financial assistance coordination
- Refill reminders
